January 27 ,2020

Dear Ms. Monroe,

I am writing in reference to the Antrim Wind Project in Antrim NH. Since the project has become fully operational I am very concerned about the noise impacts on my property. I am aware that The Berwick's have made a complaint regarding the impact of noise on their property and I am writing to go on record that my property at 156 Salmon Brook Road is experiencing serious noise problems and I would like similar testing for compliance done at my property. My property is in closer proximity to the wind towers than where the sound measurements were originally measured.

Respectfully Submitted,

Janice D Longgood
